## SPEAKERS

### Dr. Thomas Yoon, DDS, MD

Dr. Yoon is a Diplomat of the American Board of Periodontology with a private practice in Winter Park, Florida. He previously held a faculty appointment as an Assistant Clinical Professor at the University of Florida, Department of Periodontics, and is a Course Director for the AIC Education Basic Dental Implant Training courses sponsored by Hiossen Implants. Dr. Yoon also lectures on behalf of other various implant companies throughout the United States. He is the founding member of the Central Florida Dental Hygiene Study Club.

### Dr. Jeffery Hoos, DDS, FAGO

Dr. Jeffery Hoos, Tufts School of Dental Medicine 1978, was one of the first general dentists to be Brandemark Certified for placement and restoration of dental implants and chosen to be a mentoring office. He has placed over two thousand conventional implants and five hundred small diameter implants. A documented success of 97% in the mandible and 95% in the maxilla has created an extremely satisfying professional career. His teaching goal is to provide dental education experience for professionals that will enhance their professional lives and to provide information that will allow them to provide a higher quality care for their patients.

### Dr. David Chong, DDS

Dr. David Chong is a Consultant and Advisor for the NJ State Board of Dentistry as well as a Clinical Consultant and Advisor for the Far Rockaway Hospital Clinic. Dr. Chong practices general dentistry and serves the community of Queens. He is a Fellow and Diplomat of the ICOI and an active member of the AO. He received his DDS from NYU and later on complete the two year Surgical and Prosthetic Implantology Program there. Dr. Chong continues to pursue the latest developments and advancements in dentistry and implantology through monthly study groups in various seminars.

### Dr. Mike Chen, DDS

Dr. Chen is a leading practitioner, teacher and lecturer in implant dentistry in the San Francisco Bay Area, seeking to expand nationally and internationally in field of expertise. He is an innovative dentist with over twenty years of experience providing and overseeing direct dental care, diagnosis, treatment and procedures. Dr. Chen is also a seasoned trainer and advisor to clinical professionals and students in implant dentistry. He is an authority on current principles, methods and procedures for the delivery of medical evaluation, diagnosis and treatment; as well as on legal and ethical standards for the delivery of dental care and related accreditation and certification requirements. Dr. Chen is a prolific presenter of dental implant educational programs and workshops, and frequent contributor in the efficient development of training curricula and evaluation of students’ performance through demonstrated dental procedures.

### Dr. John DiPonziano, CDT, DDS, MADG, DICOI

Dr. John DiPonziano has been performing the surgical placement and prosthetic restoration of dental implants since the mid-eighties. A PUI graduate of Temple University School of Dentistry, he also completed a three-year didactic and participatory program in Implantology at the University of Pennsylvania in 1988. Prior to attending dental school, Dr. DiPonziano was a full-time dental technician and earned Certified Dental Technician status which he still maintains today. Dr. DiPonziano performs many of the implant laboratory procedures himself, and is well versed in all aspects of the implant treatment picture from the laboratory planning phase, to surgery and prosthetic restoration. He is a Diplomate of the International Congress of Oral Implantologists, a credentialed member of the American Academy of Implant Dentistry, a Master of the Academy of General Dentistry and a Fellow of the American College of Dentists.

### Don Khouri, Practice Management

Don Khouri is an Executive Coach who helps dentists build the essential leadership and entrepreneurial skills they need to run their practice like a smart, successful business. Following the unique Fortune Management System, he takes an integral approach to business and life planning. Doctors and teams who go through the program find increased success both in their practice and in their professional lives. Don has been working in the dental industry for 15 years bringing together his dental knowledge and coaching expertise to help dentists be more productive.
